New Health Care Bill to include Unrestricted Abortion

Americans in dismay over the forcing of Health Care Reform. Over 34 States are planning to sue the government

*As the United States House of Representatives forced a vote on Sunday, March 21st. Millions of Americans stood by in quiet disbelief as our president pushed health care reform onto the people of America. **The final vote was 119-112, with a last minute cross over from Bart Stupak, a pro-life democrat who sold out for an executive order to protect human life that is deemed useless.***

Obama is stating this to be a historic event for our country, but those of us who believe in small government, moral values, and the right to have or have not, this is a sad day for us. As the pro-life community rises up to do what can still be done to possibly stop this whole train from traveling any further, we see in our near futures the horrific reality of what has just happened to the unborn citizens of our land! Now the wage earning taxpayer has to fork out even more dollars for an industry that takes innocent human lives. All the efforts made to restrict abortion since 1973 are hanging in the balance, and it is unsure if this new federal health care bill will nullify all state law. Insurance companies will now be forced to pay for unwanted abortions, which only means our insurance costs will rise to have this paid for.

What ever happened to the constitutional rights to LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS? Did the government just take another liberty from us? We seem to be losing more and more freedoms. Is this still a democracy? Abortion has never been brought before the people! Roe-V-Wade usurped our rights as citizens to say yea or nea to the question. And still, 37 years later, the people of this land have not been able to voice their opinion through a vote. Now we face even bigger perils about the moral question of LIFE.

This administration is in for a very strong opposition from an ever growing number of American voters. Obama claims to not care if he is a one term president. His party has been told, they will survive the next election. Lets make darn sure we are aware and involved with the people we need to elect to office so we can restore the rights of the American people... both born and unborn.

National Right to Life states this is the biggest abortion package to be deemed law since the errerous Roe-v-Wade. Many uncertainties lie ahead, but at the heart of the matter is that now insurance companies will be forced to provide abortion services and you will be forced to carry a policy or be fined. “Great Expectations” bursting

Since our last newsletter in January, we have been literally bursting at the seams. We have added two new expectant moms, along with their two older children, ages 14 mo., and 11 mo. (11 residents in the home on the weekends)

The women who are now residing at our home are a very unique and special group of ladies. One of our gals is ready to move to her own place and has been a joy to have. Her daughter is now 8 months old, was born with downs syndrome and also needed colon surgery. Mom & daughter have done well, and we are happy to have helped during a difficult start.

Three of our other residents are eagerly awaiting the birth of their babies. Davida Leland is our case manager at “Great Expectations” and is working diligently to manage all the moms and children. As you have read in many of our updates, the work that our staff is required to accomplish is very rewarding, but at times difficult. Pray for our staff and volunteers as they daily work out the kinks in a young mothers undone world. Davida is assisted by Sonja Prink and Lynn Weeks in the office. Megan Taylor is the live-in night time manager. Together we strive to accomplish the simple basics in life. We are thankful for the opportunity to serve and make a difference in a young woman’s life.

LYNDEN HUMAN LIFE IS OPERATED BY A MOSTLY VOLUNTEER STAFF. OUR PRESIDENT, OUR BOARD, OUR DIRECTOR, OUR BOOKEEPER AND OUR RECEIPTS GAL ALL VOLUNTEER ALL THEIR TIME! WE ARE GRATEFUL TO THESE KEY PEOPLE THAT MAKE IT POSSIBLE TO OPERATE ON A QUARTER OF WHAT IT WOULD TAKE IF EVERYONE TOOK A SALARY.

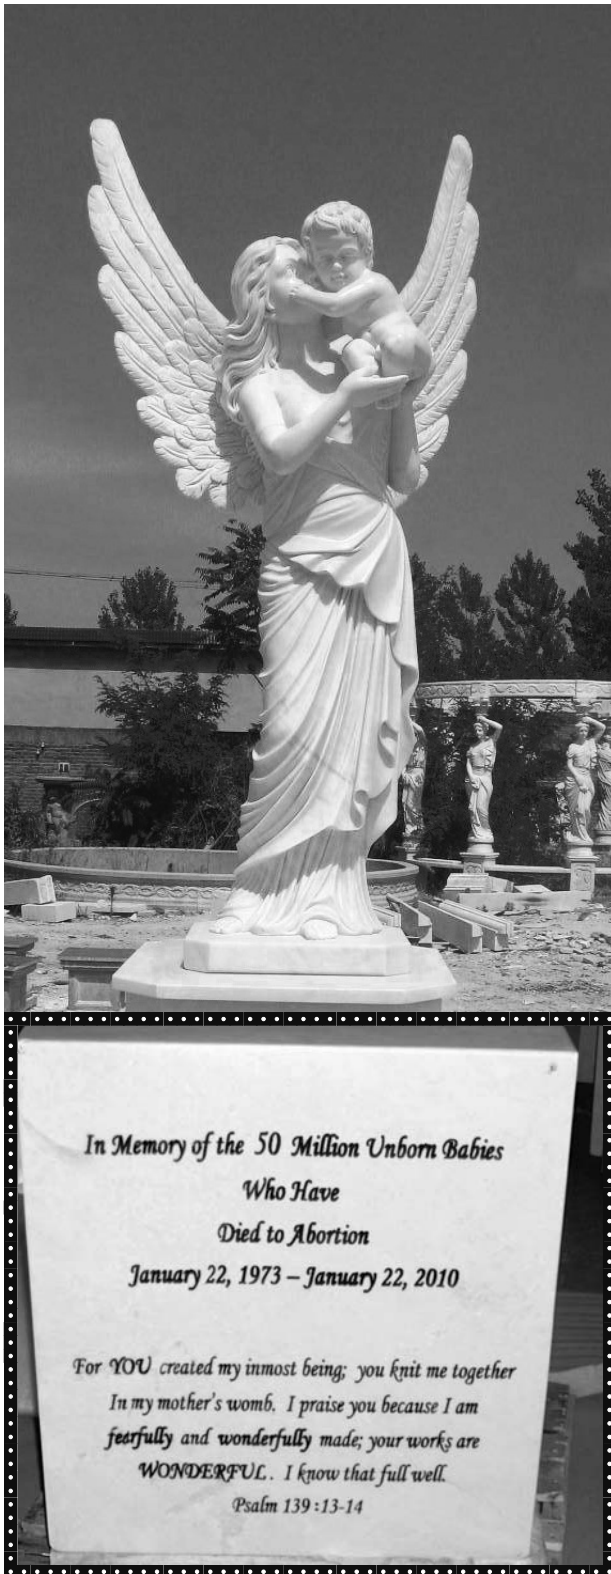

Our only paid staff is our part time case-manager & office assistant and our house-manager who is compensated by rent free apartment & pd. utilities.

THANK-YOU TO OUR PRO-LIFE SUPPORTERS ALONG THE GUIDE WHO HAVE DONATED PROPERTY FOR OUR 4000 CROSSES EACH JANUARY!

Thanks to Roger & Jackie Blok for land on both the Hannegan and the Guide. Thanks to Leroy & Rhonda Plagerman for their field last winter. Thank-you to the Kamp brothers for their part in land use, and to Homestead Northwest and Westside Building for helping us put up our display over the years. For January 2011 we are looking for ground that we can keep our crosses up as long as possible. (January – March) Any leads call Martin Verbree @ 201-2735

Lynden Human Life Installs Seven Foot Granite Angel

After more than a decade of dreaming about angels holding babies to signify the over 50 million babies that have died to abortion, an angel has been found and has been made for our mission. The marble angel stands five feet tall and has a two foot pedestal along with the inscription below, detailing the memory of all those who have died to abortion. We are paying less than half of what was expected from a long time memorial fund!

The Monumenta Cemetery board of directors has allowed us to set up this monument in the Lynden cemetery. We have graciously been donated two plots along the East boundry. Bodies Pre-cast has stepped in and is supplying us with a pre-made 8X8 concrete slab. Scholtens Euipment will donate a lift to place the angel on the pedestal. A bench will be set in front of the angel for visitors to view the monument.

Lynden Human Life thanks each and every business and each person who has helped us realize this vision. Our community stands as a testimony for LIFE. We are amazed at the support we have had over time.

Thank-you for your LIFE-SAVING support.
