Protecting the most innocent in our culture! THE UNBORN

SPECIAL POINTS OF INTEREST:

- Join us in Olympia on Tuesday January 22nd...12:00 noon
- Help install the crosses, Sat., January 6 at 10:00 am

TINY'S STORY

Liz & Tyler DeZeeuw, Anna (Tiny) and Anna's two other siblings in her room at Children's Hospital.

Anna Dezeeuw turned two years old this summer while waiting for a new heart at Children's hospital! Many of you are following her story and praying for her precious little life.

Anna has had every medical catastrophe imaginable! Strokes, infections, multiple flat lines, drug mishaps, tubing errors, and a host of issues never combined to one little person's plan of care.

Anna received her NEW HEART from another supporter of life on October 31st, 2017. What a glorious day♥! Anna has been at Children's for 6 long and difficult months! Anna is also ADOPTED which makes her story even more beautiful♥♥♥

Shortly after the transplant it looked as if rejection was taking place! Thankfully, it was a false negative! We hold baby Anna in our hearts and prayers as her parents and grandparents live a life unplanned.....

Anna's story is wrapped in SOOOOOO many hearts. Her first heart was that of her biological Mom, her second heart came from her adopted Mom & Dad, her third heart is the blessing of a family that donated life to Anna, and her fourth heart is the beloved gift itself, the beating blessing in her tiny body.....blessings to all the hearts combined for this ONE SPECIAL little girl.

We continue to love and pray for this family as the journey takes many a winding turn! You can follow on FB with T.E. DZ. There is also a way to fundraise for the DeZeeuw family by linking to their

YouCaring Page: www.youcaring.com/tylerandlizdezeeuw-845275

You can also use PayPal to donate by using their email address tylerdezeeuw@gmail.com

Follow Anna's story on face book by searching T.E. DZ

Anna, called Tiny, received a new heart on October 30, 2017

Her journey for LIFE is incredible

Anna has an official logo and it is used on FB and even on t-shirts:)

COME JOIN US ON JANUARY 6TH TO INSTALL THE CROSSES

The little wooden crosses in the field are testimony of the three and one half thousand babies that are aborted EVERY DAY IN THE UNITED STATES OF AMERICA! We are asking YOU to join us in our annual event to install these meaningful crosses.....

Please join us on SATURDAY, JANUARY 6th at 10:30 am....We are located just north of Axton Road, on the Guide Meridian, East Side:)

Bring gloves and a hammer!

*With a solid 50 volunteers, we can get
the job done fast and efficiently
And remember
PIZZA FOLLOWING*

The impact of the 3600 crosses make a difference in our community! Just seeing the field of crosses speaks volumes to the cars that pass by!

MARCH FOR LIFE: JANUARY 22, 12:00 NOON STATE CAPITOL, OLYMPIA

We're once again headed to the "March for LIFE" in Olympia. A bus will be leaving Lynden Safeway at 8:15 am. The cost is only 10.00♥♥♥ Sign up to-day by calling Marlae at 360-201-5009. Bring a lunch, & dress warm. We will be meeting with our legislators too. Typically we meet in the John L. Obrien building, directly behind the capital. We return back to Lynden around 5:00 pm.

Sanctity Sunday is January 21st

Bulletin Inserts... Free to your Church! Order today....
360-201-5009 (Leave Message)

We can arrange delivery to your church

ABORTION RATE IN AMERICA AT ALL TIME LOW

Abortion numbers fell again in 2014, sinking to their lowest in more than four decades, according to a new Centers for Disease Control report.

The CDC reports 652,639 abortions were performed in the United States in 2013, a 2-percent decrease from 2014. Abortions are down 21 percent across the past decade.

The abortion rate – the number of abortions per 1,000 women of childbearing age – also dropped to 12.1, a 2-percent decrease from the previous year.

The CDC data is incomplete because the government does not require states to report abortion numbers. However, reports from the pro-abortion Guttmacher Institute also indicate abortions are dropping across the U.S.

Just because a murder takes place in private and in secret does not make it any less horrific or wrong.

WE AT LYNDEN HUMAN LIFE THINK THIS IS GREAT NEWS! Despite the fact that this nation continues to legally allow this holocaust.....you the people have reached into the hearts and minds of young women and stood in the gap to love and support these women and their children ♥♥♥

DEFUND PLANNED PARENTHOOD: CLINICS CLOSING

Hardly a month goes by without reading that another Planned Parenthood facility is closing. The news is received with much joy and fanfare.

Each and every closure is a victory because it will impact the number of babies and their parents who will be spared the horrific ramifications of abortion.

But before we uncork the champagne bottles, there's something you should know.

A closer look at what's actually happening.

A close analysis of these closures reveals that Planned Parenthood is in better shape than the situation would lead us to believe. And while we are winning this life-and-death battle, there is much work yet to be done.

There were considerable gains during 2016, according to Cheryl Sullinger with Operation Rescue. Thirty-one abortion facilities (Planned Parenthood and others) permanently closed or halted operations. In addition, 20 Planned Parenthood referral-only facilities closed. These centers didn't actually perform abortions, but referred clients to those that do.

Several Planned Parenthood facilities have closed since the beginning of 2017.

Planned Parenthood is not retreating from the abortion industry. Evidence indicates they have embarked on a strategic plan to corner the abortion Market. Their market share of abortion has skyrocketed to 35 percent (323,999 in 2015) while the number of abortions has decreased to approximately 926,000 per year.

Operation Rescue has polled every abortion center and determined the average first-trimester abortion, surgical or chemical, is about \$600. Late-term abortions are much more. Conservatively, that's at least \$194.4 million in abortion income for Planned Parenthood.

Our President and his Vice President have been diligent in standing up for LIFE

PRESIDENT TRUMP & VICE PRESIDENT PENCE

In the one year that we have had a republican President and Vice-President, a lot has been done to support pro-life efforts! In April, President Trump quietly signed legislation that rolls back an Obama-era rule protecting certain federal funds for Planned Parenthood and other organizations that provide legal abortions.

Now that the rule has been repealed, states can effectively block Planned Parenthood and other abortion providers from funds associated with the Title X Family Planning program, which was established in 1970 to subsidize organizations that offer services related to contraception, pregnancy care, fertility and cancer screenings primarily for low-income people.

The appointing of Judge Gorsuch was also a pro-life victory for America! Adding a conservative, pro-life judge to the supreme Court is an important step to restoring the rights of the unborn!
