Supreme Court Reviews Roe V Wade

On December 1st the Supreme Court began oral arguments for Dobbs v. Jackson, a case which will have a **TREMENDOUS** effect on legal abortion in this country no matter which way the ruling goes. In time, it may even lead to the overturning of Roe v. Wade! The case was filed in regards to Mississippi's 15 week abortion restriction, but it could also give the Supreme Court the ability to overturn both Roe v. Wade and Planned Parenthood v Casey, the landmark cases which, respectively, made abortion a constitutional right and set "viability" as a standard for when abortion can and cannot be restricted.

The state of Mississippi asked the high court to overturn Roe v. Wade. Mississippi is defending its 15-week restriction against the state's lone abortion

facility. has specifically overturn Roe v. defending its 15-week lawsuit filed by

Texas passes "Heartbeat Bill"

In May of this year (2021) Texas implemented one of the most restrictive abortion laws in the nation. Signed into law by Governor Greg Abbott, Texas Senate Bill 8 of the 87th legislature prohibits abortion once a fetal heartbeat is detectable, which can be as early as 6 weeks. Similar laws, called 'heartbeat laws' or 'heartbeat bills' have been passed in several states and held up to high court scrutiny. This bill has already been challenged in multiple courts.....but has withstood thus far!

- **The bill bans abortions after 6 weeks, which in some cases only gives a two-week window after a missed menstrual cycle.**
- **The bill makes no exceptions for rape or incest.**
Private individuals can sue abortion providers if an abortion takes place after the 6 week period, regardless of whether they had any involvement in the abortion or not.

Proponents of the bill maintain that the heartbeat law saves lives and prevents abortion as a means of birth control. Said Abbott "Our creator endowed us with the right to life and yet millions of children lose their right to life every year because of abortion. In Texas, we work to save those lives, and that's exactly what the Texas Legislature did this session.

Olympia "March for Life"

Lynden Human Life will not be providing bus transportation to the Olympia Rally this year. After 40 years of bringing pro-lifers, we are now encouraging you to drive down as a small group or family.

We highly encourage individuals to make arrangements to attend on their own...

The rally will be held in February, 2022
Exact date and time TBD.

Keep an eye on our Facebook page for updates as February approaches.

What is America's No. 1 Killer?

As our media focuses on covid and covid deaths, LETS BE CLEAR.....The real killer is ABORTION!!!!
Abortion takes the lives of over **1.5 MILLION** innocent lives every single year. Take a look at this graph to see the real threats to our lives.

This graph come from the National Purpose, Local Action (Sierra Club)

Billboards Sending a Message

Once again, (September 26) LHL experienced vandalism...

This time on our Hannegan Road billboard. Both sides were spray painted over with red & black paint.

The signs were replaced and we certainly know our message is hitting home with truth!

A very special thank you to our sponsors who so courageously allowed our signs on their property!
Keith Boon, Duane Scholten, Faith Community Church, Truman & Eileen Sterk, John Clark, and Bethel Community Church. We can't do it without you. God bless!

Life-Chain 2021

With just shy of 100 life chainers, we made a strong impact for the
hundreds of motorists driving by!

I honestly think the supporters outweighed the nay sayers....(with shouting,
swearing, and of course the middle finger)

*If you joined our life-chain this year, you deserve a big hug and a great big thank-you for
helping protect the most innocent unborn....God bless you....*

Wishing all our
wonderful
pro-life
followers a most
blessed and
beautiful Christmas
season and a
wonderful New
Year!
With the hope of
protection of
God's most perfect
creation!
